PARMVILLE.

The Methodists of Farmville do take most excellent care of their preacher. He lives in one of the best houses in town, is paid one of the best salaries and they are now building one of the most costly and what promises to be one of the handsomest churches in all Southside Virginia, and the preacher in turn is rendering splendid service.

Our High Street, leading from Main and the Normal School, is just now torn "all to pieces," but when the improvements have been perfected it will be a royal highway.

Farmville has gotten to be an important insurance centre. All the leading life insurance companies are represented by live local agents and the same is true of the fire. This means that competition is sharp and strong.

Primings are still being received in goodly quantity at our warehouses and prices continue satisfactory. It has always seemed strange to me that no tobacco was manufactured here and no cigar factory in operation.

The registers at our hotels indicate that a large number of people come to us day by day.

The habit of going to the depot on the arrival and departure of the trains grows on our citizens. It often looks as though a "scurrion" was coming or going.

Capt. S. W. Paulett went with the Pickett boys to Gettysburg and no one more thoroughly enjoyed the visit. The reconstructed 'reb' as he is and as he delights to be called can shake the hand of a brave boy who bore the Blue. "Bob" Miller did'nt go with him, and it is well that the two were not on the noted battlefield at one and the same time.

Editor Hart has to take his little daughter to the Johns Hopkins to have her eyes treated.

Rev. Mr. Fugate, who may succeed Mr. MacFarland, as pastor of the Baptist church here, gave great satisfaction in the two sermons he preached to that congregation on last Sunday.

Prof. Carson, the new principal of our high school, has already demonstrated the fa:t that the trustees made no mistake in selecting him for the position.

If there is a vacant room in town I can't locate it.

No new railroad is in sight yet, nor has work commenced on our new hotel.

The town mule is fat and sleek and the driver content and well-kept They do good work, however.

I don't know what Dr. Jarman and our preachers will do for entertainment when the baseball season closes.

Our electric plant is doing fine service and our town water is still clear.

We get our cabbage from Wythe, Va., and now we are looking to New York for our apples. Our grandmothers would turn in their graves if they knew we, their children, did'nt know how to grow cabbage.

The leaves on our trees begin to tell of the coming of the frost King The 'old straw' must go and overcoats are being brought from their moth-ball hiding places.

Dispensary receipts on last Saturday amounted $430, but on the day of the Lynchburg excursion reached only $235. This speaks well for Lynchburg. However Lynchburg is a "wet" town and the "scrumptists" may have brought their rations with them.

Farmville must make some reply to Richmond's offer of railroad fare to all purchasers of $30 worth of goods and who do not live more than 100 miles from the city.

Our Circuit Court meets and adjourns and the majority of our citizens are unconscious of its presence. How different from the courts of the olden days. Then we had a docket and lawyers from all our sister counties were in attendance and often remained for weeks. Litigation is a luxury our people no longer indulge in.

I heard a Democrat (?) say that Bryan could'nt improve on the prosperity of the present and therefore he was opposed to any change. The truth is that the so called prosperity is not general but confined to a favored few.

The Methodists haven't determined as yet when they will lay the corner stone of their new church.

Wedding bells will soon be ringing in our town, but mothers who will be called on to give up their daughters will find no music in the sounds. The breaking up of home circles is no holiday matter

"Ben" Cox has two of the biggest dogs I know of. When they walk down Main Street together they always attract attention. The night watchman at the Normal School has them as his companions during the night and together they make formidable protectors.

Farmville is promised an unusual line of entertainments for the coming season. In these the Normal will lead. One of our school girls quit books, went to the altar and married a man. There is more of romance in real life than is to be found in the story books.

Whenever wheat with onions in it is received at our mill, it is stored away and not made into flour, before the spring time, by which time it is well dried and the onions can be gotten out.

Chickens and eggs are "out of sight." It is interesting to watch our merchants bidding for them as soon as the coops reach town. It does'nt require the intervention of a trust to secure 'top knot' prices. Our farmers are no longer the bottom rail." They are learning the secret of self-preservation and should never let up in the warfare until the 'robber tariff' is no longer the law of the land.

Mr. Gates, recently from Wisconsin, is already doing a flourishing business. Our housekeepers are charmed with his hot rolls and I am quite sure that the time is not far in the future when he will do much of the cooking of Farmville. The servant girl problem will have been solved when cook stoves shall have been banished from our homes and the general cook is as well known as is the grocer or dry goods man.

The sound of the saw is heard within our gate now-a-days and it reminds us that wood is being prepared for the winter time.

The ministers of our churches conduct the opening services at the Normal four days out of the week

Dr. Finn's Testimony interesting.

Dr. Thomas Finn, of Boonsboro, Mo., who has practiced medicine for 32years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anyteing so effective in both chronic and acute kidney and bladder taouble as Foley's Kidney Cure. It stops irregularit s and builds up the whole system.

The "man who rocks the boat" might spill all Cuba's navy at one fool shake.

A Clear Complexion and Bright Eyes

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion bright and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes.

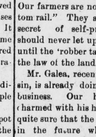
Another such victory as that in Maine, and the G. O. P. will step down and out.

DO YOU GET UP WITH A LAME BACK

Kidney Trouble Makes You Miserable



most everybody who reads the news is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing sick back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst of kidney troubles.

Swamp-Root is not recommended for everything but if you have kidney or bladder trouble it will be found just the remedy you need. It has been tested in many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y.

Fifty cent and One Dollar Sizes. Home of Swamp-Root. Sold at drug stores the world over. Don't make any mistake, but remember the name, Swamp-Root Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

OXYDONOR

Obviates the use of poisonous drugs. It renders the entire system so naturally healthy that disease can find no breeding place. It rids the organism of disease, and at any reasonable stage effects a rapid, natural cure, regardless of gravity or form of the disorder. Oxydonor enables the fire absorption of oxygen through the lungs, skin. It strengthens the whole body, increases the vitality in an incredible degree, and gives a good appetite. In short, it LIFE. It is an instrument of simplest construction, and with care it lasts a lifetime. It is made for self-treatment by anyone.

Physicians depend upon this superior method for good health and have hundreds of grateful reports from those who have used it.

At a call meeting of the Ladies' Aid Society of the Presbyterian church held in the Library building at Buckingham on Saturday of last week, the fifth anniversary of that society was pleasantly celebrated. A beautiful luncheon was served, lovely flowers ornamenting the tables. The officers for the coming year were elected. The visiting members were gladly welcomed and added greatly to the occasion by their presence. They were as follows: Mrs. Susie Cutchow, of Tenn., Misses Maggie Tucker, of Richmond, Adele Davidson Ellis, of Alabama, Mrs. Keene Lunghorne and Miss Lou Hickok, of Buckingham. Several members were prevented from attending by sickness, which fact was greatly lamented.

Mr. Perkins Ellis, of Birmingham, is on a visit to the home of his mother, Mrs. N. F. Ellis.

Mr. R. Archer Gilliam has returned to his place of business in Richmond, after a week's stay with his father, Mr. J. B. Gilliam.

Miss Faunie Hall is at home again after a short visit to Mr. and Mrs. C. S. Hooper, in the New Store neighborhood.

Mrs Prentiss, of New York and Mrs. Morrison, of Rockbridge are visiting "Variety Shade," the home of Mrs. A. J. Bondurant.

Miss Julia Swoope is spending this week with her sister, Mrs. Price Glover.

Letter From Rev. P. M. Bell.

Dear Times:— It has been so long since I wrote any notes to the TIMES, I fear your Glenfall correspondent will be after me with a birch rod, but I know she is "too good to be unkind" and too kind to be severe. For the past several months I have been very busy. One week was spent with Rev. J. B Askew in Brunswick county. Another week with Rev. Leroy J. Phaup in Southampton. It rained and continued to rain till the streams were so swollen as to make fording dangerous. Wells filled up with surface water till it reached a condition of "water, water everywhere but not a drop to drink." One man said he would knock the curbing from around the top of his well so the water could drain out. But notwithstanding these conditions Southampton is a grand old county. I visited the Camp saw mill at Arringdale where they have the most modern mi chinery and a capacity of 60 000 feet per day, furnishing employment to a large number of hands.

I preached only two sermons while down there and had to ford creeks with the water running in our buggy to do even that much.

There I saw the first large cotton crop since I left the south 16 years ago, but the cotton and peanut crops were injured by the excessive rains.

Last week I was with Rev. C. D. Crawley of the Dinwiddie circuit. He is a strong preacher and ever loyal to the Truth. The result of the meeting were somewhat disappointing to us.

This week I am suffering from a cold in the head, but still "keep moving."

The farmers are now digging their peanuts and the crop seems to be better than expected though below the usual yield. The mill boys have my sympathy in consequence.

I am now closing the most pleasant, the most satisfactory and most successful year of my entire ministry. Two of my churches paid out in full at the fourth Quarterly Conference and the other two are only behind a small sum. We expect to raise our conference collections in full also, for the first time in several years. My official board are as fine body of men as I have ever served. There has not been a single discord among them and harmony prevails among all the churches. We have considerable money in hand for extensive improvements next spring. The people as a whole and especially the young people, have been kind and considerate. One of the stewards gave me two fine pigs, a barrel of flour and several hams. He is the son of Mrs. R. W. Jacob H. Proctor by her first husband, and is one of the most prominent citizens of our county. We will have a net gain in membership of about 65, and there have been about 80 conversions on the circuit. Our presiding elder is a strong preacher and one of the most influential men in our Conference. The air is beginning to be filled with rumors of marriages. On Wednesday 19th, I united in marriage one of our most popular young ladies at Ford—Miss Nannie F. Reams becoming the bride of Mr. Emmett L. Curtis. It was a quiet home wedding but was witnessed by a large company of relatives and friends, who wish them happiness.

I most heartily commend your recent utterances on important public matters, and with gratification, note a change in the tone of the press generally. The people aroused and the days of the petty boss, heeler and grafter are about numbered. The time is fast approaching when only men of clear record can represent the people in the various offices. It is a good omen, and this nation is safe, while the world moves up to a higher plane of civic righteousness, backed by an enlightened conscience. May the TIMES continue to be a factor for the consummation of that great purpose.

This is a time of tears and good byes as our young people are leaving home for school, either as teachers or students, but the development of a higher ideal in citizenship and manhood is worth more than it costs even if it be a sacrifice. We have a teacher for our three children and they all start well. She is doing good work and the children like her. We find her quite a pleasant addition to our family circle.

FARMVILLE.

The Kindergarten is in full blast again and the power of one small woman over a score or more of young children is a scene of unusual interest. The lessons learned here ought to be useful during life. The gymnasium is a place of pleasant diversion to all the girls and in it are being found sound bodies for sound minds. No cases of home sickness are now being reported. Dr. Jarman has proven himself a skilled and successful physician.

Our carpenters are busier than bees and some of them work from daylight till dark.

Never before in the history of our town were restaurants so numerous and now that oysters will soon be in evidence, the bills of fare will become more attractive.

It is rumored that the Association tobacco has been sold at most satisfactory prices. Farmers are more hopeful of the future and we are all rejoicing with them. If they enjoy prosperity the rest of us will share in it.

I never saw such a collection of goods as are now getting in our stores and as our merchants have the reputation of being prudent buyers, they must have reasonable expectation of selling them.

Our doctors are on unusually pleasant terms with one another. I saw two of them talking on last Friday and one remarked to the other, "As you are going down the Cumberland road this afternoon I would be glad if you would call and see some of my patients and tomorrow, when I will take the same trip I will return the courtesy."

Now and then I watch an old negro with a fishing pole plodding his way to the banks of the Appomattox. There is'nt much concern as to the 'catch.'

5 DROPS TRADE MARK

CURES RHEUMATISM LUMBAGO, SCIATICA NEURALGIA and KIDNEY TROUBLE

"5 DROPS" taken internally rids the blood of the poisonous matter and acids which are the direct causes of these diseases. Applied externally it affords almost instantaneous relief. Its great curative powers is being effected by purifying the blood, dissolving the poisonous substance and removing it from the system.

DR. S. D. BLAND

Of Brewton, Ala., writes:

"I have sold a large number of your 5 DROPS and have yet to hear the first complaint. I have had a number of cases myself, and tried all the remedies that I could hear of, but never found anything to relieve me with a number of test by sufferers, but nothing that gave the relief obtained from 5 DROPS. I have recommended it in numerous instances and know of none but the most unstinted praise."

FREE

If you are suffering with Rheumatism, Neuralgia, Kidney Trouble or any kindred disease, write us and we will send you a "5 DROPS," and test it yourself.
